SITTUP® ANATOMIC ADVANTAGES

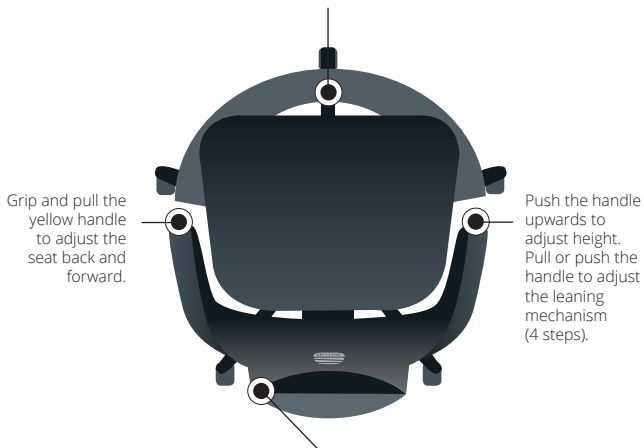

SITTUP®

UNIVERSAL SEATING NEEDS EASY ADJUSTMENTS

Pull out the hidden handle to adjust the tension for leaning back.
Turn right for lighter and left for heavier. Secure the handle.

Grip back at the bottom pulling it up to find your position (8 steps).
NB! If you reach the the top, you need to go to the bottom before restarting adjustment.

SITTUP®

WHAT SITTUP DO:

- Free movement of seat, natural sitting positions, encourages good posture.
- Upright sitting posture with moving and opening hip area
- Active posture and possibilities for comfort rest position
- Long lift range gives perfect shifting between sitting and semi standing with a height-adjustable desk
- Soft semi saddle curved seat, big lumbar support, trigger points in back, free moving pivot in seat, standard big footrest for combined sitting.
- Sittup provides long time dynamic, comfortable healthy sitting.
